# What is the Contractor Portal ?

## Easily accessible resource hub for Contractors

*Consists of:*

**Guidance Documents** - To assist you to comply with UÉ and Legislative H&S requirements.

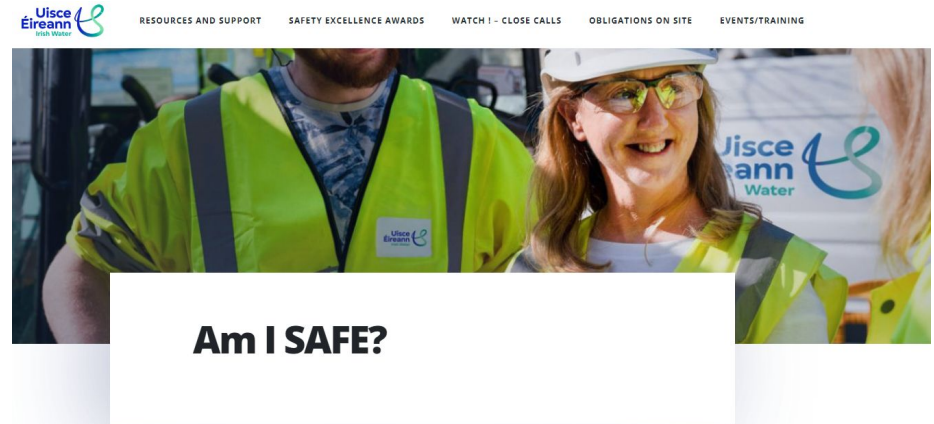

**Resources** - To assist you to keep the safety conversation going on site.

**Platform** – To share learnings across the business.

# Intended Purpose – Overview of each tab

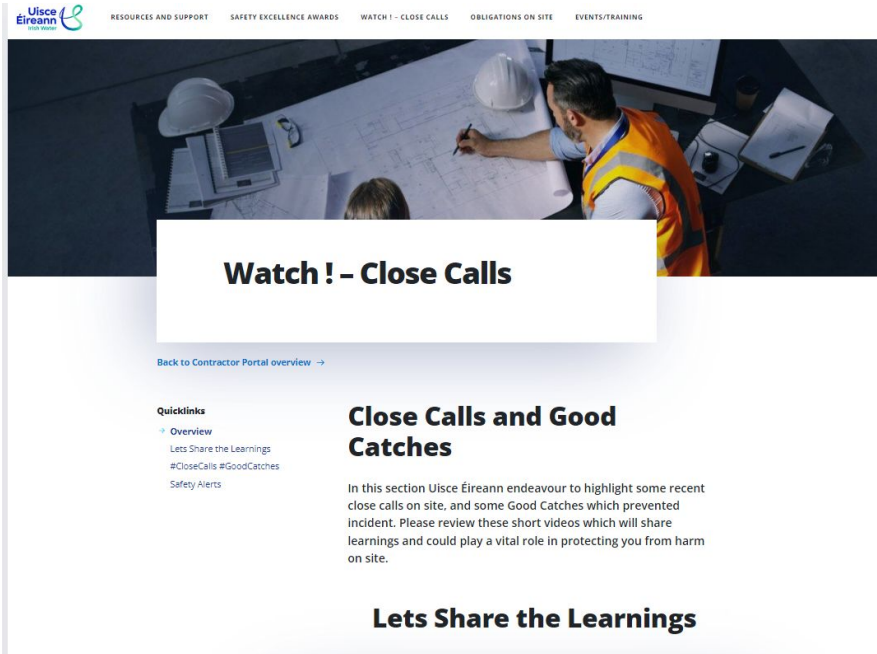

- Resources & Support
- Safety Excellence Awards
- Watch! – Close Calls
- Obligations on site
- Events/training

Together with our delivery partners, Uisce Éireann works tirelessly to fulfil our purpose of delivering transformative water services that enable communities to thrive.

### Close Calls and Good Catches

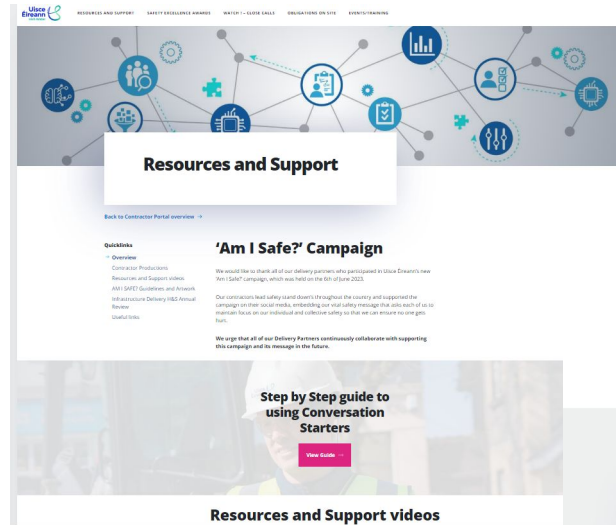

In this section Uisce Éireann endeavour to highlight some recent close calls on site, and some Good Catches which prevented incident. Please review these short videos which will share learnings and could play a vital role in protecting you from harm on site.

**Lets Share the Learnings**

- Promote and encourage all members of project teams from site level to senior management to access website and utilise resources
- Promote and encourage generation and uploading of any near miss, close calls, knowledge shares, partner productions, etc that would be beneficial to wider UÉ Delivery teams
- Continue to engage and support any initiatives or campaigns launched by Am I SAFE team or our Delivery Partners
- All queries and information to [amisafe@water.ie](mailto:amisafe@water.ie)

# How to make use of resources

- IDD published reports & newsletters
- AM I SAFE artwork and graphics
- Toolbox talks, Safety moments, Team briefings, etc
- Useful links

The screenshot shows a webpage titled 'Resources and Support' with a navigation menu at the top: 'RESOURCES AND SUPPORT', 'SAFETY KNOWLEDGE HUBS', 'WATCH - CLOSE CALLS', 'INITIATIVES ON SITE', and 'EVENTS/TRAINING'. The main content area features a 'Back to Contractor Portal overview' link, a 'Questions' section with sub-points like 'Contractor Professionals', 'Resources and Support within', 'AM I SAFE? Guidelines and Research', 'Infrastructure Delivery H&S Annual Review', and 'Guidelines'. A prominent section is titled ''Am I Safe?' Campaign' with a sub-heading 'Step by Step guide to using Conversation Starters' and a 'View Guide' button. Below this is a 'Resources and Support videos' section.

## Conversation starters

[Back to Contractor Portal overview](#) →

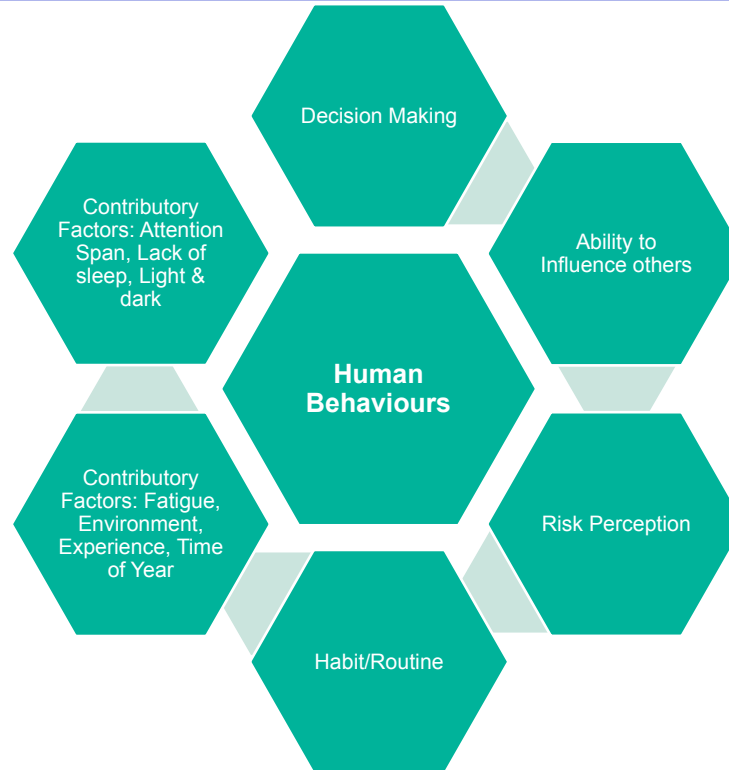

In this section we will publish short videos of important thought-provoking incidents. These videos will be ideal content for safety leadership sessions presented by managers to relevant workforce. The videos will be of a typical duration of between 1 - 4 minutes long. A step-by-step guide on how to get the most out of these conversation starters which are behavioural safety focused, is included in the main Resources and Support page.

- Ask Twice Listen Be Kind '22**  
Ask Twice - Mental Health
- Wait for it... this could save your life**  
It's just a one word text, I'll be fine ...
- Proud 2b Safe**  
A hangover and Site Work, a dangerous potion ...
- Crane Topples**
- Deep Water Horizon - What went Wrong?**

- Play conversation starter video
- A different approach to promoting and encouraging discussion and awareness towards Safety on our projects
- Not prescriptive or information based

## 'Am I Safe?' Campaign

We would like to thank all of our delivery partners who participated in Uisce Éireann's new 'Am I Safe?' campaign, which was held on the 6th of June 2023.

Our contractors lead safety stand downs throughout the country and supported the campaign on their social media, embedding our vital safety message that asks each of us to maintain focus on our individual and collective safety so that we can ensure no one gets hurt.

We urge that all of our Delivery Partners continuously collaborate with supporting this campaign and its message in the future.

### Step by Step guide to using Conversation Starters

[View Guide](#)

### Resources and Support videos

- Watch our playlist
- Watch our playlist
- Watch our playlist

- Share & encourage our Partners to deliver these conversation starters and promote & facilitate discussion afterwards
- Outline guidance notes for delivery available on Contractor's portal
- No specific means or mechanism for delivery – whatever works best of specific Project & Programme

# Key Takeaways for today !

- **Senior Managers** lead the way – Ensure all your projects & programmes participate in delivering this important campaign
- **Everyone share** the portal with team members
- **Organise** Toolbox talks, Safety moments, Safety Leadership Conversation, etc and use the portal resources
- **We want to hear from you!** Forward your close calls, near miss or good catches to us [amISafe@water.ie](mailto:amISafe@water.ie)
- Give us your feedback, how can we improve the portal to make it work for all **team members?**
