

**AA SCREENING DETERMINATION**

Of

**Water Networks Programme – St Helens Road, Co. Galway**

In accordance with Article 6(3) of the EU Habitats Directive (Directive 92/43/EEC) and Regulation 42(1) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended, Irish Water has undertaken Appropriate Assessment screening to assess, in view of best scientific knowledge and the conservation objectives of the site, if the project, individually or in combination with other plans or projects is likely to have a significant effect on a European Site(s). In this context, particular attention was paid to the European Sites listed below:

*Galway Bay Complex (000268), Lough Corrib SAC (000297), Connemara Bog Complex SAC (002034), East Burren Complex SAC (001926), Lough Fingall Complex SAC (000606), Ross Lake and Woods SAC (001312), Moneen Mountain SAC (000054), Inner Galway Bay SPA (004031), Lough Corrib SPA (004042), Cregganna Marsh SPA (004142).*

In accordance with Regulation 42(7) of the European Communities (Birds and Natural Habitats) Regulations 2011 as amended, Irish Water has made a determination following screening that an Appropriate Assessment is not required as the project is not directly connected with or necessary to the management of the sites as European sites and as it can be concluded, on the basis of objective information, that the project, individually or in combination with other plans or projects is not likely to have a significant adverse effect on the European sites listed above.

This determination is based on small scale and short duration of the proposed works which are located within the existing road network outside of any designated European Site.

Signed:
